

Kid Connections

A friend-making program

All Brains Belong VT
Neuroinclusive Healthcare & Community

Kid Connections is a free program that makes customized friend-matches for isolated kids and teens ages 4–17.

Now more than ever, we all need community. And yet so many children and teens struggle to find friends. This program connects kids, both in-person or virtually, with peers who share their interests.

We're seeking sponsors to partner with us to grow this program and give isolated kids the opportunity to have meaningful friendships.

Sponsorship includes visibility through ABB's social media (10K+ followers), media coverage (including Vermont Public), and shout outs in our newsletter
